It is laid out with great clearness; its definitions are simple and accurate; its information is full and practical; and it abounds in ingenious grammatical observations likely to awaken thought in the pupil. The Grammar has attached to it a series of simple exercises illustrative of the forms."—*Museum*, Nov., 1868.

### ON THE DIVINE PROVIDENCE.

By EMANUEL SWEDENBORG.

A Brief Treatise of Divine Polity and Spiritual Ethics. The aim of this book is to

"Assert eternal Providence,  
And justify the ways of God to man."

It presents a clear and thoroughly reasoned account of the sources and causes of the Divine spiritual-moral law: breathes throughout a spirit of true piety and profound reverence; abounds in views and illustrations of religious truths, marked by singular depth and beauty. A few opinions and statements occur which may, on a first perusal, excite surprise in readers unaccustomed to forms of thought so abstruse; but, after due reflection, they will all be found in harmony with the Author's sublime Christian thesis.

## THE THIRD AND CONCLUDING VOLUME OF MAX MÜLLER'S CHIPS FROM A GERMAN WORKSHOP.

Just Published, in 8vo., price 16s., cloth,

## CHIPS FROM A GERMAN WORKSHOP.

VOL. III. ESSAYS ON LITERATURE, BIOGRAPHY, AND ANTIQUITIES.

By F. MAX MÜLLER, M.A., &c., Foreign Member of the French Institute.

"The sixteen papers now put forward by this accomplished scholar, under the modest title of *Chips*, are as various as they are instructive and entertaining."—*Notes and Queries*.

"A more delightful volume has not been published for a very long time. Bearing marks on almost every page of the profoundest scholarship, it is full of thought, fresh, vigorous, and elevating; and all the more instructive that it is not the thought either of a purely German or a purely English thinker, but of one who unites in himself, in a very unusual degree, the best mental qualities and tendencies of both nations."—*Globe*.

"Mr. Max Müller shows in this volume, as in many of

his former works, that he can treat the abstrusest topics in such a style as to attract the general reader. . . . The contrast presented in the first essay between the Emperor, the Pope, and Luther, is one of the grandest passages in the whole book, significant of the spirit in which the author looks back upon the events of his country's history and of the power with which he can reproduce them."—*Athenæum*.  
"Mr. Müller always writes gracefully and effectively, and the thoughts to which he gives utterance are generally profound and pertinent to whatever subject he has in hand. Even the reader who differs from him cannot but enjoy what he reads and profit by it."—*Examiner*.

\*\* VOLS. I. and II., Second Edition, price 24s., *Essays on the Science of Religion, and on Mythology, Tradition, and Customs*.
